

TP 17

TP 17 is an affordable roofing profile that requires minimal maintenance. A cost-effective option suitable for most buildings.

The sheet is equipped with a water lock, providing extra protection against water infiltration at the side overlap. Suitable for most roofs with a slope of at least 14 degrees.

- Available in full lengths up to 8 meters, reducing the number of joints.
- Quality at a low price, making it a great choice for any project.
- Quick and easy installation, allowing you to complete the job faster.
