

## Irysa® - 50

Irysa®, pre-painted galvanized steel with a thermosetting polyester paint of 50µm thickness polymerized at high temperature. Unique and original effect, this range presents iridescent aspects offering spectacular aesthetic effects. With Irysa®, your eye creates color!

- Irysa® can be used in very sunny and maritime atmospheres such as the Caribbean, excluding the waterfront
- Excellent corrosion and ultra-violet resistance thanks to a high-durability paint system
